

18.06 Problem Set 8

Due Thursday, 15 April 2010 at 4pm in the undergrad math office. Please note that the problems from the textbook are out of the 4th edition: make sure to check that you are doing the correct problems. For MATLAB problems, please include a printout of your code with your problem set. You can type `diary("filename")` at the beginning of your session to save a transcript, and `diary off` when you are done.

Non-challenge problems are worth 4 points, while challenge problems are worth 12.

1. Do problems 14, 24, 28, 29, and 30 from section 6.3.
2. Do problems 7, 10, 23, 28, and 30 from section 6.4.
3. Do problems 9, 12, and 16 (counts as a challenge problem, MATLAB allowed) from section 8.3.
