Invited Lectures

- [1] “Nuclear Power - The Cost Challenge”, University of New South Wales, Sydney, Jan 31, 2024
- [2] “Introduction to Nuclear Reactors”, Univ of Queensland, Brisbane, Jan 30, 2024
- [3] “Nuclear Energy: have we entered a new era?”, Univ. of Melbourne, Australia, Jan 29, 2024.
- [4] “Nuclear Batteries, a New Way in Energy”, Univ. Pisa webinar, Dec 15, 2023.
- [5] “Nucleare: un nuovo inizio?”, Webinar Associazione Italiana Nucleare Young Generation, Dec 7, 2023.
- [6] “Nuclear Batteries, a New Way in Energy”, Webinar to Antofagasta Minerals S.A., Nov 21, 2023.
- [7] “Nuclear Energy: have we entered a new era?”, Presentation to Total S.A., MIT, Nov 7, 2023.
- [8] “New Nuclear Designs, New Deployment Paradigms”, TIGER webinar, Nov 6, 2023
- [9] “New nuclear: what and why”, Yale University, online lecture, Nov 2, 2023.
- [10] “Nuclear Energy”, MA Legislature group, Leverett Saltonstall Building, Boston, Oct 17, 2023

- [11] “Advanced Nuclear Technologies”, Seminar for Epoch Foundation, MIT, Oct 16, 2023.
- [12] “Nuclear energy”, Congressional Staff Seminar, MIT Oct 10, 2023.
- [13] “Advanced Nuclear Technologies: What and Why”, TIGER workshop, MIT, Sep 12, 2023.
- [14] “The Transformative Power of Nuclear batteries and Advanced Industrial Production”, Tata Sons Limited workshop, MIT, August 28, 2023.
- [15] “The Future of Nuclear, Why Smaller Reactors”, Nuclear Bootcamp, Jamaica, July 25, 2023.
- [16] “The Future of Nuclear Energy: have we entered a new era?”, Nuclear Navy Lab, May 3, 2023.
- [17] “Nuclear Microreactors For College Campus Decarbonization”, Earth Month Webinar Series, UMass-Amherst, March 14, 2023.
- [18] “The Future of Nuclear Energy: have we entered a new era?”, Novo Nordisk Foundation, MIT, March 16, 2023.
- [19] “Nuclear Batteries, a New Way in Energy”, International Conference on Clean Energy for Carbon Neutrality (ICCECN-2023), Hong Kong, March 7, 2023.
- [20] “Nuclear Batteries, a New Way in Energy”, MIT-KAIST Small Modular Reactor Symposium, December 5, 2022.
- [21] “Nuclear Batteries: Clean Energy On-Demand Everywhere”, Total Energies at MIT, Nov 17, 2022.
- [22] “The Future of Nuclear Energy: have we entered a new era?”, Brown Univ, Providence, Nov 17, 2022.
- [23] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, Schlumberger, Cambridge, Nov 9, 2022.
- [24] “The Transformative Power of Nuclear batteries and Advanced Industrial Production”, City Science Summit, MIT, October 27, 2022.
- [25] “The Future of Nuclear Energy: have we entered a new era?”, Talk to MIT Club of Northern California, Oct 13, 2022.
- [26] “The Transformative Power of Nuclear batteries and Advanced Industrial Production”, MIT Technology Review Climate Tech, October 13, 2022.
- [27] “Nuclear Batteries: clean energy on demand everywhere”, Forum on Carbon Neutrality and Sustainable Environment, City University of Hong Kong, October 7, 2022.
- [28] “Next Generation Nuclear Reactors. Is Small Beautiful?”, Talk to MPs and industry at Finnish Parliament, Helsinki, Sep 13, 2022.
- [29] “Nuclear Batteries, a New Way in Energy”, Frederic Joliot Otto Hanh Summer School on Nuclear Reactors, Cadarache, France, August 29, 2022.
- [30] “Next Generation Nuclear Reactors. Is Small Beautiful?”, Seminar on International Nuclear Cooperation, Seoul Korea, June 27, 2022.
- [31] “Nuclear Batteries, a New Way in Energy”, Norman Foster Foundation Workshop Madrid, April 25-26, 2022.
- [32] “Nuclear Batteries, a New Way in Energy”, NTNU Nuclear Power Workshop, Berlin, Mar 30, 2022.
- [33] “An Assessment of the Diablo Canyon Nuclear Plant for Zero-Carbon Electricity, Desalination, and Hydrogen Production”, The North CA MIT Alumni Club, Mar 16, 2022.
- [34] “Nuclear Batteries, a New Way in Energy”, SLAC Seminar Series, Stanford, Feb 28, 2022.
- [35] “Nuclear Batteries, a New Way in Energy”, Gray Society, MIT alumni, Feb 23, 2022.
- [36] “Nuclear Batteries, a New Way in Energy”, Lincoln Labs, MIT, Jan 31
- [37] “Nuclear Batteries, a New Way in Energy”, The Wilson Forum on Science & Technology, Dec 10, 2021.

- [38] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, Presentation at Nuclear Futures Institute, Bangor University, Wales, Dec 9, 2021.
- [39] “Next Generation Nuclear Reactors. Small is Beautiful?”, Exxon-Mobil, Dec 3, 2021.
- [40] “An Assessment of the Diablo Canyon Nuclear Plant for Zero-Carbon Electricity, Desalination, and Hydrogen Production”, Precourt Institute for Energy, Stanford University, Nov 8, 2021.
- [41] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, Presentation to Australian Minister Gillespie, Canberra, Oct 7, 2021.
- [42] “Small (and Modular) is Beautiful: The Future of Nuclear?”, CEEPR, Oct 6, 2021.
- [43] “Nuclear Batteries, a New Way in Energy”, ENGYP European Nuclear Young Generation Forum (ENYGF21), Sep 29, 2021.
- [44] “Next Generation Nuclear Reactors. Small is Beautiful?”, MIT Cape Cod Alumni Association, Sep 23, 2021.
- [45] “The Economic Potential of Nuclear Batteries”, LANL, August 19, 2021.
- [46] “The Economic Potential of Nuclear Batteries”, MIT Energy A+B Conference, August 13, 2021.
- [47] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, presentation to AusIMM International Uranium Conference, Aug 4, 2021.
- [48] “Nuclear Energy: the Need for Radical Innovation”, MIT-NSE Alumni Association, June 8, 2021.
- [49] “Nuclear Energy: the Opportunities for Radical Innovation”, Roundtable, Global America Business Institute (GABI), May 25, 2021.
- [50] “How to Facilitate Commercialization of New Nuclear Technologies”, 2021 Multilateral Nuclear Energy Dialogue, Global America Business Institute (GABI), May 19, 2021.
- [51] Panelist on the Role of Nuclear Energy in a Clean Energy Future, UIUC, May 6, 2021.
- [52] Panelist at the webinar on *Climate Crisis: Alternatives to a Carbon-Based Economy*, U-Mass, Amherst Apr 22, 2021.
- [53] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, presentation to Dutch Members of Parliament, e-Lise Foundation and Liberal Friends, Mar 15, 2021.
- [54] “Nuclear Energy in a Low-Carbon World: Essential Tool or Relic of the Past?”, workshop at NTHU, Taiwan, Mar 10, 2021.
- [55] “Nuclear Energy: the need for radical innovation”, panel on Roundtable on Nuclear Frontier Issues: At the Interface between Technology and Societies, Belfer Center, Harvard University, March 5, 2021.
- [56] “Nuclear: the need for radical innovation”, University of Illinois at Urbana-Champaign, online lecture, Feb 9, 2021.
- [57] “Nuclear: the need for radical innovation”, Sustainable Nuclear Energy Technology Platform (SNETP) webinar, Feb 3, 2021.
- [58] “Can Nuclear Batteries be economically competitive in large markets”, Fission Battery Workshop Series, INL, Jan 27, 2021.
- [59] “Nuclear energy: a new beginning?”, NNL-KAPL, Jan 5, 2021.
- [60] “New Nuclear: much more than just electricity”, Spanish Nuclear Society Annual Meeting, online presentation, Nov 17, 2020.
- [61] “Nuclear: the need for radical innovation”, Yale University, online lecture, Nov 12, 2020
- [62] “Nuclear: the need for radical innovation”, UC-Berkeley, online lecture, October 10, 2020
- [63] “Nuclear: a Versatile and Clean Energy Source for the 21st Century”, online presentation to the Dubai Nuclear Energy Committee, July 21, 2020.
- [64] “Nuclear Energy: why Europe should strongly support it”, online presentation to EU Members of Parliament, June 28, 2020.

- [65] “Nuclear energy: a new beginning?”, webinar at Stanford University, April 7, 2020.
- [66] “New Nuclear: small, robust, cheap and versatile”, webinar for the Electric Power Systems Center, MIT, February 28, 2020.
- [67] “Nuclear energy – a new beginning? And what role it might play in Australia”, University of Melbourne, Melbourne, Jan 29, 2020.
- [68] “Nuclear energy – a new beginning? And what role it might play in Australia”, Australian Nuclear Association, Sydney, Jan 28, 2020.
- [69] “Nuclear energy – a new beginning? And what role it might play in Australia”, ANSTO, Sydney, Jan 28, 2020.
- [70] Nuclear Batteries: why they could actually make a difference, Westinghouse Electric Company, Cranberry Township, PA, Dec 6, 2019.
- [71] Decarbonizing the Electricity Sector - Advances in Fission and Fusion, Panel at MIT Climate Action Symposium, MIT, Dec 4, 2019
- [72] “Nuclear energy – a new beginning?”, Presentation to delegation of Total S.A., MIT, Nov 18, 2019.
- [73] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a Recent MIT study”, Yale University, online lecture, Nov 14, 2019.
- [74] “Nuclear energy – a new beginning?”, NEI Advisory Board, Boston, Nov 13, 2019.
- [75] “The Future of Nuclear Power”, Science on Tap, Manchester, New Hampshire, Nov 5, 2019.
- [76] “New nuclear or same old approach?”, Workshop on Advanced Nuclear Technologies Worldwide: Challenges and Opportunities, Madrid, Oct 17, 2019.
- [77] “Nuclear: Slow Decline or Beginning of a New Era?”, ARPA-E Program Directors Committee, DC, Oct 8, 2019.
- [78] “Nuclear energy – a new beginning?”, NEI Executive Committee, DC, Sep 19, 2019.
- [79] “New Nuclear Needs a DD&D Paradigm and Market Inversion”, NCSU, Raleigh, Sep 17, 2019.
- [80] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Nuclear Safety Course, MIT, June 17, 2019.
- [81] “Nuclear energy – a new beginning? Findings from a Recent MIT Study”, Plant Modernization Workshop, EPRI, Charlotte, June 12, 2019.
- [82] “Nuclear energy – a new beginning?”, Applied Energy Conf. (MIT A+B), MIT May 22, 2019
- [83] “Advanced Nuclear technologies in the U.S.”, Keynote at ICAPP 2019, Juan les Pins, France, May 12-15, 2019.
- [84] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Keynote at ICAPP 2019, Juan les Pins, France, May 12-15, 2019.
- [85] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, PPPL, Princeton, NJ, May 8, 2019
- [86] “Nuclear energy – a new beginning”, Senior Congressional Staff Seminar on Energy Options and Economic Opportunities for Decarbonization, MIT, April 24, 2019.
- [87] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Conservation Law Foundation, Boston, April , 2019.
- [88] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, webinar of the European Nuclear Society, March 29, 2019.
- [89] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Colorado School of Mines, Denver, March 6, 2019.
- [90] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Swiss Nuclear Society, Zurich, February 12, 2019.
- [91] “The Future of Nuclear Energy in a Carbon-Constrained World - Findings from a new MIT study”, Poland Ministry of Energy, Warsaw, 22 January, 2019.
