

Amir Nashat is a Principal in the Boston office of Polaris Venture Partners. Amir joined Polaris in April 2002 and focuses on investments in the life sciences.

Experience:

Prior to joining Polaris, Amir completed his Ph.D. as a Hertz Fellow in Chemical Engineering at the Massachusetts Institute of Technology with a minor in Biology under the guidance of Dr. Robert Langer. Amir's doctoral research focused on information flow through neurons, neural implants, and neural tissue engineering. During his time at M.I.T., Amir completed an internship in the London office of Goldman, Sachs & Company, where he worked on interest rate derivative products.

Boards:

He currently sits on the Board of eNOS Pharmaceuticals and is Acting President of Pervasis Therapeutics, Inc.

Education:

Amir earned both his M.S. and B.S. in Materials Science and Mechanical Engineering at the University of California, Berkeley.
